PURPOSE AND EFFECT: The purpose of this rulemaking is to amend the existing rule to allow licensed facilities to hire direct service providers without the experience requirements as described within this section, if during their first 90 days of employment such direct service providers are under the direct supervision of another direct service provider that possesses the required experience as described within this section.

SUMMARY: These rules implement the provisions of Section 393.067, F.S., which authorize the Agency to adopt rules through its licensing authority and by rule license application procedures, provider qualifications, facility and client care standards, requirement for client records, requirements for staff qualifications and training, and requirements for monitoring foster care facilities, group home facilities, residential habilitation centers, and comprehensive education programs that serve agency clients.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Specifically, the Agency relied upon the nature of the rules and the agency's analysis of factors determining that a SERC was not required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.:	RULE TITLE:
61C-1.004	General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On February 22, 2017, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code, Paragraph 5-202.11(A), 2009 FDA Food Code, Paragraph 4-301.12(A), 2009 FDA Food Code, subsection 61C-4.010(5), Florida Administrative Code, paragraph 61C-1.004(1)(a), Florida Administrative Code, Section 5-203.13, 2009 FDA Food Code from PT 002 Hot Dogs/Craft located in Orlando. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater; that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided, and that each establishment has at least one service sink provided for the cleaning of mops or similar cleaning tools and the disposal of mop water. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and to share the dishwashing and mop sink facilities with another food service establishment under the same ownership and on the same premises.

The Petition for this variance was published in Vol. 43, No. 37, F.A.R., on February 23, 2017. The Order for this Petition was signed and approved on March 2, 2017. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that all the handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign. The dishwashing, food preparation and mop sink facility within ST 004 Heineken Red Star Lounge (NOS581320) must be maintained in a clean and sanitary manner. These areas must also be available to PT 002 Hot Dogs/Craft during all hours of operation. If the ownership of ST 004 Heineken Red Star Lounge (NOS5813920) and PT 002 Hot Dogs/Craft (Ovations Food Services LP) changes, a signed agreement between the two establishments for the use of the shared facilities must be provided to the division immediately.

facilities for manually washing, rinsing and sanitizing equipment and utensils are provided, and that each establishment has at least one service sink provided for the cleaning of mops or similar cleaning tools and the disposal of mop water. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and to share the dishwashing and mop sink facilities with another food service establishment under the same ownership and on the same premises.

The Petition for this variance was published in Vol. 43, No. 37, F.A.R., on February 23, 2017. The Order for this Petition was signed and approved on March 2, 2017. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship for the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the purpose of the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that all the handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign. The dishwashing, food preparation and mop sink facility within ST024 Forward Fare/Parramore Café & ST026 City Pub (NOS581338) must be maintained in a clean and sanitary manner. These areas must also be available to PT 025 Hot Dog Cart during all hours of operation. If the ownership of ST024 Forward Fare/Parramore Café & ST026 City Pub (NOS5813938) and PT 025 Hot Dog Cart (Ovations Food Services LP) changes, a signed agreement between the two establishments for the use of the shared facilities must be provided to the division immediately.

DEPARTMENT OF EDUCATION

University of Florida

Notice to Construction Managers

The University Of Florida Board Of Trustees announces that continuing CM-At-Risk services will be required for the project listed below:

UF-MP17, Annual Campus Continuing Services for Minor Projects

Typical projects assigned under this contract may include new construction, renovation, remodeling, reroofing and other building maintenance, equipment installation, pre-engineered metal buildings, greenhouses, pole barns, asbestos abatement, and fire code corrections. Areas requiring renovation or remodeling may include animal research or holding areas, research laboratories, classrooms, library and media centers, historic buildings, offices and related functions, outpatient clinics, reception and waiting areas, lobbies and corridors, atriums, courtyards and plazas, modular and pre-engineered buildings, apartments, dormitories, athletic facilities, and associated roadways, sitework, sidewalks, and landscaping. Projects could be located on the University of Florida main campus or at UF and IFAS facilities throughout the State of Florida. The maximum per-project construction cost is \$2,000,000.

These are open-ended contract for a period of one year with an option to renew for two additional one-year periods. Ten (10) contracts will be awarded. Two (2) of the ten (10) contracts will be awarded to "Small Businesses", defined by the State of Florida as "an independently owned and operated business concern that employs 200 or fewer permanent full-time employees and that, together with its affiliates, has a net worth

of not more than \$5 million or any firm based in this state which has a Small Business Administration 8(a) certification. As applicable to sole proprietorships, the \$5 million net worth requirement shall include both personal and business investments.” Two (2) of the ten (10) contracts will be awarded to “Small Emerging Businesses”, defined as meeting the Small Business criteria referenced above and having performed less than \$500,000 in construction at the University of Florida cumulatively over the past three fiscal years. Criteria will be verified following the selection and award processes.

Typically, the contract for an assigned project’s construction management services will begin at the 60% Construction Document stage but may include preconstruction activities, including, but not limited to budget studies and estimates, value engineering, analysis of the design documents for constructability, coordination, detailing, materials, and systems, development and maintenance of the construction schedule, production of detailed jobsite management plans, development of strategies for the procurement of trade contracts, and development of a Guaranteed Maximum Price (GMP) proposal based on 60 or 100% Construction Documents. If the GMP proposal is accepted and executed, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade packages as required by Florida law. Failure to negotiate an acceptable management fee for an assigned project, or failure to arrive at an acceptable GMP as provided in the agreement, may result in non-execution of the project Purchase Order and Authorization for Construction.

Applicants will be evaluated on the basis of their past performance, experience, personnel, references, bonding capacity, Building Information Modeling capabilities (required for CM and preferred for the Small and Small Emerging CM applicants), commitment to sustainability, workload, and responses to questions posed both in the shortlist and interview phases. At the time of application, the applicant must be licensed to practice as a General Contractor in the State of Florida and, if the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida at the time of application.

The Selection Committee may reject all proposals and stop the selection process at any time.

Applicants desiring to provide construction management services for the project shall submit a proposal only after thoroughly reviewing the Project Fact Sheet, Construction Manager Qualifications Supplement and CMQS Instructions, and other background information. The proposal shall be limited to twenty-six (26) 8-1/2” X 11”, consecutively-numbered pages (including the CMQS, but not including the

cover sheet, table of contents, or blank divider pages) and shall include:

1. A Letter of Application that concisely illustrates the applicant’s understanding of the scope of services, other goals and considerations outlined in the Project Fact Sheet, and specifically indicates which of the three CM categories (regular, small, small emerging) the applicant is applying for.
2. Company information and signed certification.
3. A completed, project-specific “CM Qualifications Supplement” (CMQS) proposal. Applications on any other form will not be considered.
4. Resumes, LEED accreditation (if available), and other pertinent credentials for all staff proposed for the life of this agreement.
5. Proof of current corporate registration to operate in the State of Florida by the Department of State Division of Corporations if applicable. Such proof shall take the form of a Certificate of Corporate Status from the Florida Department of State.
6. Proof of the firm’s ability to provide liability insurance coverage in the amounts of \$1 million General Liability per occurrence, \$1 million Automobile Liability, Worker’s Compensation per requirements of Chapter 440 of the Florida Statutes, and \$5 million Umbrella.
7. A letter of intent from a surety company indicating the applicant’s bondability for this project. The surety shall acknowledge that the firm may be bonded for multiple projects, with a potential maximum construction cost of \$2,000,000 each. Provide proof that the Surety Company providing this letter is licensed to do business in the State of Florida and has a Best Rating of “A,” and a required financial backing capacity of “Class XV.”
8. Provide a copy of the contracted firm’s current General Contracting license from the Florida Department of Business and Professional Regulation.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction manager must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

The project-specific CMQS form, instructions, Project Fact Sheet, UF Design and Construction Standards, standard University of Florida Minor Projects Owner-CM agreement, General Terms and Conditions, and other project and process

information can be found on the Facilities Planning & Construction website (www.facilities.ufl.edu). Incomplete, unsigned proposals or proposals containing expired or invalid licenses will be disqualified. Submittal materials will not be returned. Finalists may be provided with supplemental interview requirements and criteria as needed.

Electronic submission of the required proposal must be received by the University of Florida Planning, Design, & Construction Division at UFMP17@connect.ufl.edu no later than the deadline of 3:00 p.m. local time on Tuesday, April 11, 2017 per the Fact Sheet Process Information instructions. If an applicant is applying for multiple categories (i.e. Regular, Small, or Small Emerging Businesses), only one submittal is required, but the Application cover letter must indicate which categories are applicable. Hard-copy, Facsimile (FAX), or e-mailed submittals are not acceptable and will not be considered.
